Kennedy Goes Into Huddle on Farm Problems

By OVID A. MARTIN

NEW YORK (AP)—President-elect John F. Kennedy tosses into the laps of farm leaders today the question of what his administration should do about what he calls a farm crisis.

The incoming chief executive summoned heads of nine major farm organizations to meet with him and Orville L. Freeman, his secretary of agriculture-designate, at his newly established pre-natal headquarters at the Carlyle Hotel.

Kennedy had said during the campaign that one of his first acts as president would be to seek improvements in farm prices and incomes.

He has been quite mum about farm policies since he won in an election that saw much of the Midwestern farm belt go against him.

Kennedy flew to New York Wednesday from Palm Beach, Fla., where he had been combining work and relaxation since Dec. 16.

He expects to hold a series of business conferences here today and Friday before traveling to Washington for a meeting Friday evening with Dean Rusk, chose to be secretary of state in the new administration.

In advance of today's session with the farm leaders, Kennedy has on his schedule a breakfast conference with Prof. Richard Neustadt, Columbia University government specialist who is on leave as an aide to the president.

He also booked a meeting with Lawrence F. O'Brien, named earlier this week to be his special assistant in charge of job patronage and liaison with Congress. O'Brien resigned as Democratic National Committee organization director to take the new job on the White House staff.

Shortly after arrival late Wednesday, Kennedy conferred two hours with his secretary of defense-designate, Robert S. McNamara. After that session at the president-elect's hotel suite, McNamara said they discussed potential appointments for Defense Department positions, and plans for the Kennedy regime's military spending budget.

In response to questions, McNamara said he and Kennedy discussed neither the Eisenhower administration's severance of diplomatic relations with Cuba nor the situation in Communist-threatened Laos. Before the meeting Kennedy aides had left open the possibility of both of those matters being on the agenda.

Space Capsule Is Recovered

EGLIN AIR FORCE BASE, Fla. (AP)—A space capsule has been lifted more than 32 miles and later recovered from the Gulf of Mexico.

The 900-pound nose cone on a Cree research rocket was sent up Wednesday atop a 44-foot, three-stage Nike solid-propellant rocket in another Air Force test of a high-speed recovery parachute.

Mother, Six Children Die in Fire

LYNN, Mass. (AP)—A young mother, six of her seven children and her niece died in an early morning fire today, trapped in bedrooms of a two-story tenement.

Fire Chief Walter Carter said the blaze started in the rear of the second floor and spread to the attic.

Investigators said there was only one stairway to the attic bedrooms.

Donald Amiraull, 29, the father, saved his youngest child, Dawn Marie, 5 months, by dropping her from a second-floor porch into the arms of a neighbor.

He tried to get back into the house to rescue others but a snap locked had closed.

Dead are: Shirley Amiraull, 23; her children, Michael, 8; Shirley, 7; Donna, 6; Robert, 4; Kathy, 2; Barbara Jean, 18 months; and the niece, Paula Hollingsworth McGrath, 5 months.

Amiraull was awakened by the fire, ran down the attic stairs with Dawn Marie and rushed to the porch. He shouted to William Dutch, 21, a neighbor who caught the child.

Amiraull, unable to help the rest of his family, aroused the occupants of the first floor, Mr. and Mrs. Robert Nordstrom and their five children. All escaped injury.

Amiraull, Dawn Marie, and Barbara Hollingsworth McGrath, Paula's mother, were taken to Lynn Hospital. None was in critical condition.

Rioters in Brussels Cleared Out

By FRED CHEVAL

BRUSSELS, BELGIUM (AP)—Noisy demonstrations broke out in Brussels and Antwerp today but the rioters were reported weary and ready to abandon their 17-day-old strike.

Public Administration Minister Pierre Hamel reiterated that the strike against the government's austerity program is dying, declaring: "There is a return to work everywhere."

Leo Collard, president of the Socialist party, called on King Baudouin Wednesday night in what was believed to be a party move to try to extricate the Socialists from the costly general strike. Loss of pay has hit the strikers hard.

The Socialists also showed rising irritation with young demonstrators who have ignored repeated pleas of party leaders to avoid violence.

About 1,000 unruly demonstrators, many of them youths, tried to march on City Hall but were thrown back by police. Three hundred others tramped city streets shouting slogans and denouncing Premier Gaston Eyskens' Catholic-Conservative government.

In Antwerp, 8,000 demonstrators broke a few windows in the big port city where there is an increasing movement of ships.

Militant Socialist trade union leaders put pressure on the Socialist party to order a nationwide march on Brussels. Informed Socialist sources said party leaders were reluctant to go along with the idea because of lack of money and lack of enthusiasm.

The Socialists are demanding that Eyskens and his cabinet abandon their proposed bill to hike taxes and reduce social welfare expenditures as an aftermath to the loss of Congo revenue.

Arkansan Held for Robbery

BROWNSVILLE, Tex. (AP)—A Fayetteville, Ark., serviceman has been indicted on a charge of armed robbery in connection with the \$355 robbery of a drive-in theater at San Benito, Tex., last July 22.

A Cameron County grand jury returned the indictment against Lt. George Edward Lowe, 28, Wednesday.

Lowe, stationed at Harling Air Force Base, was released under \$5,000 bond.

7th Fleet on Standby for Laos Crisis

HONOLULU (AP)—Powerful elements of the U.S. 7th Fleet—alerted American bases in the Western Pacific—stood ready today to deal with any eventuality in the developing Laos crisis.

That was the appraisal of informed sources who declined to be quoted. But they said that in addition to naval units in the South China Sea, air, Marine and Army forces were ready to move on the Southeast Asian kingdom from bases in Okinawa, Japan, Formosa and the Philippines.

The assessment of American readiness came after a statement issued Wednesday by Adm. Harry D. Felt, top U. S. commander in the Pacific.

"We are prepared to accomplish whatever may be required of us by higher authorities of our government. Certain precautionary measures have been taken. These include the augmentation of our airlift capability in the Western Pacific and a re-positioning of some of our mobile fleet force," Felt said.

Military sources said Marine elements ready to give any needed assist include the 20,000-man 3rd Marine Division and the Marine Air Wing on Okinawa. The Leathernecks are trained in jungle warfare.

The closest unit to Laos is the 405th Fighter Wing at Clark Air Force Base in the Philippines. It is equipped with F100 and F102 supersonic jets.

The U.S. 7th Fleet has assembled in the South China Sea a force of three carriers, about 30 destroyers, a dozen submarines and escort and supply vessels.

In Hawaii, a key unit of the 25th Infantry Division embarked on "practice mobility exercises" Wednesday.

2 Men Held for Cattle Stealing

Two residents of north Hempstead have been arrested and charged with stealing and selling livestock.

Sheriff Jimmie Griffin listed the men as W. J. Stone, about 35, and William Arthur Woolley, also about 35, both residents of north Hempstead.

Stone was raised in this county and Woolley has lived here about six months. Both men have been released on \$1,000 bond pending trial on Jan. 9.

The men are charged with stealing a Guernsey cow from W. E. Gourley, Northeast Hempstead, and a Whiteface cow from Dennison Ward of the same area. The thefts occurred in December.

The cows were sold through a Texarkana Texas stockyard. One cow was located in Miller County and the other in Little River County. Both cows will be returned to their owners.

Sheriff Griffin and State Police Sergeant Milton Mosier headed the investigation. A plaster cast of a truck tire was instrumental in solving the case.

Prosecuting Attorney Royce Weisenberger had high praise for officials in Miller and Little River counties and for the cooperation of the Texarkana stockyard. Mr. Weisenberger emphasized that anyone involved in cattle stealing will be prosecuted.

Volunteers Wanted in Dimes Drive

"We can't all be doctors, but everyone of us in Hempstead can help win the fight to prevent crippling diseases."

"Right now the most important thing we can do is volunteer our services to the 1961 New March of Dimes January campaign."

"We need people to help us raise money to find a way to prevent the birth defects that afflict one out of every 16 babies born in this country. Their efforts also will help us find a way to bring relief to the 11,000,000 Americans who have arthritis and other rheumatic diseases."

"They will also be doing their part in the National Foundation's continuing battle to stamp out polio and assist those who have already been stricken," she said.

"Enlist in the New March of Dimes," she requested, "by calling to volunteer your services at PR 7-5530 or 7-4545."

Sagging Steel Production Under Study

By NORMAN WALKER

WASHINGTON (AP)—Management and union leaders of the vital steel industry hold an unusual huddle today to seek some way of getting their idle mills back into full production.

Sagging steel output, which has paced the nation's economy downward, reached a 22-year low for a non-strike period last week when the industry operated at only 38.6 per cent of capacity. However, production always is low in a holiday week.

The industry accepted a bid made last Sunday by President David J. McDonald of the United Steelworkers Union to try to reverse the lessening demand for steel and the resulting widespread unemployment among steelworkers.

What can come out of the meeting is problematical. But it is a rare occasion when steel management and steel labor sit down to talk over a common problem outside their periodic contract tussles. It was only a year ago a contract dispute marked by a record 116-day steel strike was ended.

Also today the entire high command of organized labor gathered for a conference on the unemployment problem and on legislative proposals that will face the new session of Congress.

George Meany, president of the AFL-CIO, called members of the federation executive council into an afternoon session to survey the prospects on getting Congress to endorse various labor-favored economic aid plans.

These include distressed areas, minimum wage, housing, health and education aid measures and improved unemployment insurance provisions.

The latter subject is of especial concern to McDonald and the steelworkers union. Steel firm reserves for supplemental unemployment benefits—amounts paid by the employers to idled workers to augment regular state idle benefits—have been largely depleted.

Meany and the other top AFL-CIO leaders also are considering an appeal to Congress to cut individual income taxes on a temporary basis to provide a quick economic shot-in-the-arm. A cut in the payroll withholding tax would mean an immediate boost in spending power.

There has been no overall estimate of the destruction resulting from the explosion, which caused heavy property damage in the Traskwood area. No one was injured in the blast.

Railroad officials blame the derailment on the failure of a wheel mechanism but have been unable to explain the explosion.

Colleges to Advance Plan for Revenue

By NORMAN WALKER

LITTLE ROCK (AP)—Arkansas college presidents will go ahead with plans to seek a \$53 million construction bond issue to be financed by a penny a bottle tax on soft drinks.

Dr. J. W. Hull, president of Arkansas Tech at Russellville, said after a closed-door conference Wednesday that representatives of the University of Arkansas and the state colleges had agreed to ask the legislature to approve the bond issue, which still would be subject to approval by voters.

The State Hospital and Arkansas Children's Colony, which have been proposed for shares in the bond issue, also were represented Wednesday.

Hull said the group would ask whether the bond proposal would have to state on the ballot what sort of tax would support the issue.

He declined to comment on a statement by Jackson Rep. Lonnie Etheridge that the hospital and colony were not intended to be covered in the original building proposal.

The college presidents came up with the bond plan after the Arkansas Legislative Council's Education Committee asked them to estimate their building needs and propose a method of financing them. The presidents figured their building needs at \$42 million.

MOP Probing the Traskwood Wreck
EL DORADO, Ark. (AP)—An investigation into the cause of an explosion which followed the derailment of a Missouri Pacific freight train at Traskwood Dec. 17 began Wednesday, with about 50 Mopac employees expected to be questioned in the closed-door inquiry.

There was no indication of how long the investigation would last. J. W. Treadwell of Little Rock, superintendent of the railroad's Arkansas division, said.

There has been no overall estimate of the destruction resulting from the explosion, which caused heavy property damage in the Traskwood area. No one was injured in the blast.

Railroad officials blame the derailment on the failure of a wheel mechanism but have been unable to explain the explosion.

Cuba Cabinet Makes Thinly Veiled Bid for Future Policy Change

New Pressure on Castro Is Bound to Come

By LEWIS GULICK

WASHINGTON (AP)—High diplomatic officials expect new moves next month aimed at putting pressure on Cuban Premier Fidel Castro.

Two of the leading members of the 21-nation Organization of American States—the United States and Brazil—will have new presidents in office by the end of this month.

The United States is expected to favor: (1) a concerted, short-of-force effort such as a cooperative patrol against arms shipments from Cuba to other Latin American countries, (2) a joint tracking of Castro agents and (3) economic restrictions aimed at Cuba.

The U.S. decision to break diplomatic relations with Havana is not expected to set off any quick chain reaction in other Latin American capitals. But those who favored the break are optimistic that the eventual result will be a more widespread withdrawal by other Latin Americans of their envoys to Havana.

Panama called home Wednesday its ambassador to Cuba "for consultation," giving rise to speculation that the Central American country may break with Castro.

The U.S. government meanwhile is confident it is in a strong position both legally and militarily in its plan to hold indefinitely its big Guantanamo Navy Base in eastern Cuba.

The break in relations had no legal effect on the treaty under which the United States leases Guantanamo, the White House said Wednesday.

Most other treaties involving the United States and Cuba also remain in effect, according to U.S. experts. These include U.S.-Cuban agreements on civil air transport, civil uses of atomic energy, and

Nuclear Blast Is Under Investigation

IDAHO FALLS, Idaho (AP)—Nuclear experts gingerly probed within a silo-shaped building today, seeking the cause—and nature—of an atomic reactor explosion that killed three young servicemen.

They were hampered by radioactivity so dangerously high that each could safely remain inside the structure little more than a minute.

The damaged reactor was deep inside the metal-sheathed building. So, too, were the bodies of two of its victims: It was too dangerous to try to recover them. The third body was removed within minutes of the explosion Tuesday night.

It was the first fatal accident in the history of this country's atomic energy program.

The blast occurred on the Atomic Energy Commission's sprawling, half-million acre National Reactor Testing Station in eastern Idaho, about 40 miles west of this city of 34,000. AEC officials assured the public the radiation was confined to the building area and wasn't even dangerous elsewhere on the station.

out precisely what happened, they had to find a way of plugging the leaks in the reactor's heavy sheathing—leaks that permitted the deadly radiation to spew into the building surrounding the core.

The AEC said all three victims' bodies showed the effects of severe explosion, indicating they were killed by the blast rather than by radiation.

But the building, from outside, appeared undamaged. The AEC was silent about what damage officials found inside. In Washington, AEC Chairman John A. McCone promised the facts "will be made available as they are established."

Best guesses were that some kind of chemical explosion ruptured the reactor's nuclear core

Miss Genia Norvell and James Robert Gilbert Are Married
The wedding of Miss Genia Norvell, daughter of Mr. and Mrs. E. O. Norvell and James Robert Gilbert, son of Mr. and Mrs. Carl Gilbert all of Hope, was solemnized Dec. 30 at 7:30 in the New Hope Baptist Church with Rev. Merlin Cox officiating at the double ring ceremony and Mrs.

Miss Martha Ann Grimes

Mr. and Mrs. Lloyd Grimes of Prescott announce the engagement and approaching marriage of their daughter, Martha Ann to Ronnie Burke, son of Mr. and Mrs. Irvin Burke of Hope.

Miss Grimes is a graduate of Prescott High School and is employed by Gurdin Lumber Co.

Ronnie is a graduate of Hope High School and attended Southern State College and is employed with the Arkansas State Highway Dept.

The wedding will be an event of Feb. 24 in the First Methodist Church in Emmet at 7:30 p. m. No cards will be sent.

Parker Rogers, cousin of the groom, rendered piano selections.

The bride wore a street length gown of white satin and a lace jacket with lacing sleeves lined in small pearl buttons. She wore a shoulder length veil and carried a white orchid on a small white Bible.

Maid of honor was Miss Juanita Good of Wichita, Kan., who was attired in a powder green jersey dress with black accessories and Phil Gilbert served his brother as best man.

After the wedding, a reception was held in the home of the bride's parents. The lace covered table was adorned with a three layer cake with a miniature bride and

C. Sparks, served the cake. Mrs. broom in the center.

Mrs. Lewis Good and Mrs. R. John Norvell served the punch. They are all aunts of the bride.

After a short wedding trip to Marshall, Texas, the couple will be at home on East 5th Street in Hope.

The Hinton HD Club has Christmas Party

The Hinton HD Club held their Christmas party on Dec. 12 with Mrs. Gladys Halbert, vice president, presiding. There were 17 members and two visitors. Mrs. McWilliams gave the devotional and prayer. The roll call was answered by "A good deed for Christmas." Gifts were exchanged and secret pals were revealed and new pals chosen for 1961.

During the social hour cake, coffee, nuts and candy were served. The next meeting will be on Jan. 9.

The wide train was chapel length. Her veil of imported French silk illusion fell in layers the length of her train from a circle of matching Alencon lace. Her colonial bouquet was of white camellias.

Miss Elizabeth Rosser Long of Fayetteville, West Virginia, sister of the bridegroom, and Mrs. James Fleming of Spartanburg, South Carolina, were the bride's honor attendants. They wore identical gowns of sage green velvet. The wide Diel collar was accented by a self rose in front and a tightly molded princess bodice. The full bell skirts were floor-length. They carried colonial bouquets of yellow roses.

Zed Aydelott, Jr. of Memphis, Tennessee, served as best man. Serving as groomsmen and ushers were Albert Graves Jr. of Cambridge, Massachusetts, and John Robert Graves, brothers of the bride.

Following a reception at the home of the bride's parents, the couple left for a short wedding trip.

The bride is a graduate of Randolph-Macon Woman's College where she was a member of Kappa Alpha Theta, and is a candidate for the master's degree at the University of Pennsylvania. The bridegroom, a graduate of Hamden-Sydney College and a member of Pi Kappa Alpha, is now a student at the Wharton School of Finance and Commerce, University of Pennsylvania.

DOROTHY DIX

Woods Are Full Of These Wolves

By HELEN WORDEN ERSKINE

Dear Helen:

I am near 30 with a good professional position, financial security and many friends. We girls wonder why intelligent men our age are so intent upon sex. They accuse us of being prudish, sexless old maids, or even presume some unfortunate sex experience has left us cold. They preach about virginity being a thing of the past. Men want too much too soon, like spoiled children.

I find myself in a predicament because as much as I want to be reasonably affectionate, I'm afraid they may love making love but they don't love. It makes me sick to think I have to kiss for sex's sake or because these men have such inflated egos they can't accept "no" for an answer. -Rebel

Dear Rebel: The woods are full of these wolves. They're just trying you out. Laughter is the best weapon. Tell them theirs is an old line which leaves you cold because you've heard it so often.

They should be competing for your favor, not you for theirs. If they don't measure up to your standards, show them the door. As you say, they come and go. But if you hold on to yourself and your ideals, the right one will eventually come along.

Dear Helen:

I am 17 and in love with a man of 23 who is married and has a family. I know he loves me. Last week I found out he plans to divorce. That is the last thing I want to happen.

I have been dating him two years and know more about him than his own wife. Up to a week ago I've not seen him for a long while because, when I do, I love him all the more. He follows me in his car. Please tell me what to do. Don't tell me to avoid him. I am trying to do that now. -Love Crazy

Dear Love Crazy: The man being older than you, should hang his head in shame. Has he no conscience?

There is at least a ray of hope for you since the last thing you want is for him to divorce. Keep on avoiding him. No man as irresponsible and conscienceless as he is worth ruining your life for.

Dear Helen:

I am 16 and work in an office from nine to five, five days a week. I pay board at home.

I am allowed out one night on the weekend. I usually have to baby-sit my brother and sister the other night. David is 11 and Debby is 9. Do you think that I should get paid for this? I offered to go half with my mother for another baby-sitter in case I had two dates on a weekend. -S. 11.

Dear S.11.: Ringing up the cash register on the family is questionable. If you start quibbling about being paid for minding your brother and sister, your mother would be entirely justified in asking you for the money expended on your upbringing, which could be quite sizable.

Taking care of your young brother and sister should be fun. If it isn't, make it so. That's payment enough.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Baby Sitting."

Miss Billie Ann Evans To Wed Jimmy Gray
Mr. and Mrs. Bill Evans announce the engagement of their daughter, Billie Ann, to Jimmy Gray, son of Mr. and Mrs. Arthur Gray Jr., all of Hope, Route 4.

Billie Ann and Jimmy both are 1960 graduates of Guernsey High School and Jimmy is now attending Texarkana College. The wedding date has not been set.

Miss Ginnane Graves and Armistead Hunter Long Exchange Vows
St. Mark's Episcopal Church in Hope was the setting at 12 noon Thursday for the wedding of Miss Ginnane Graves, daughter of Mr. and Mrs. Albert Graves, and Armistead Hunter Long, son of Mr. and Mrs. Armistead Rosser Long, Jr. of Fayetteville, West Virginia.

The Rev. W. A. Riemann officiated at the double-ring ceremony. Luther Hollamon presented the music.

Given in marriage by her father, the bride wore a gown of pale ivory peau de soie. The moulded bodice of rosepoint handrum Alencon lace was fashioned with a scalloped bateau neckline and long pointed sleeves. Softly draped folds of peau de soie accented the tightly molded waist and bell shaped skirt. A wide panel of handrum Alencon lace enhanced the front of the skirt.

Goldwater Named

WASHINGTON (AP) — Sen. Barry Goldwater of Arizona was reappointed chairman of the Republican Senatorial Campaign Committee today with the solid backing of fellow Republican senators.

Sen. Jacob K. Javits of New York, who had questioned the advisability of renaming the outspoken conservative said he had no objection after Goldwater laid down the ground rules for the 1962 congressional campaign "with which I can go along."

The reappointment of Goldwater by Sen. Everett S. Saltonstall of Massachusetts, chairman of the conference of all Republican senators was confirmed by voice vote which Javits said included no negative response.

Arkansas Got \$11 Million in Aid

WASHINGTON (AP) — Federal aid totaling \$231,250,000 for primary, secondary and urban highway construction during the year beginning next July 1st was parcelled out to the states by Commerce Secretary Frederick H. Mueller Wednesday.

Arkansas' share was \$11,118,245. The funds are in addition to the \$693,750,000 previously apportioned for such programs.

The new apportionment will have no effect on the \$2.2 billion given the states July 26 for the interstate supphighway program.

We looked in his bureau, and under his chair. (They're almost brand new, and his only good pair.)

We searched through his toy box, (by now quite distraught), And even his closet (ridiculous thought!).

Then on to the living room, kitchen, and yard. (They've got to be SOMEWHERE, just keep looking hard.)

At last we surrendered, and bought substitutes, And then he discovered them... inside his boots.

No serious hitches had been reported in the pullout of American officials from Cuba and the expulsion of Cuban diplomats from this country. U.S. officials estimated that more than 300 Cubans in this country were listed as Cuban government officials.

There was no optimism that relations with Cuba would be resumed soon. American authorities felt Castro has become so entrenched in the Communist web that he cannot turn back, even if he wants to.

The diplomatic break brought an end to normal visa facilities for persons traveling from one country to the other. In order to get a U.S. visa now, a Cuban must go to a third country and apply at a U.S. consulate.

State Department officials indicated, however, that the United States would follow a tolerant interpretation of the refugee law toward Cubans who manage to get to this country and ask asylum.

At a meeting of the Organization of American States in Washington Wednesday the Cuban representative said the break was "one more proof" that the United States plans to invade Cuba before Jan. 18, an accusation the United States has called baseless and ridiculous.

The Cuban, Quintin Pino, said "If U.S. Marines land on our beaches they will suffer more casualties than Okinawa and Iowa Jima combined."

Recession Blamed for Plant Closing

By JOHN R. STARR

LITTLE ROCK (AP) — The president of Reynolds Metals Co., said today that a national recession and not high power costs led to the firm's decision to close a plant near Arkadelphia. But he also said the power costs were "too high."

Richard S. Reynolds said "The demand for aluminum was down. We had to close a plant. Our highest cost plant was at Arkadelphia and so we decided to close that one."

Reynolds' statement opened a high-level meeting at the Capitol at which the scheduled virtual shutdown of the plant Friday was discussed by Gov. Orval E. Faubus, Reynolds and representatives of the Southwestern Power Administration, Arkansas Power & Light Co., Arkansas Louisiana Gas Co. and political and community leaders.

Reynolds buys power for the Arkadelphia plant from AP&L, which in turn gets it from the federal Southwestern Power Administration.

Reynolds said his company had no dispute with the power company.

"The cost of power is too high," Reynolds said, "but we did not ask the power company to do anything about it."

R. E. Ritchie of Little Rock, AP&L board chairman, said that the company's wholesale cost of power was fixed by rates charged by the Southwestern Power Administration and that its profit was slim.

"Under these terms, our company cannot agree to any modification of power rates," Ritchie said.

Doug Wright of Tulsa, director of the SPA, said power provided for the Arkadelphia plant is 30 per cent cheaper than that furnished by the government to any other aluminum plant in the South west.

Wright said that, if the Arkadelphia plant operates at or near capacity, its power cost is comparable to that of plants anywhere in the country.

Wright reviewed negotiations which led to construction of the plant at Arkadelphia in 1952.

"We were competing with Canada for the location of the plant," Wright said. "And we were competing with the Tennessee Valley Authority in the matter of power costs."

Rep. Oren Harris of El Dorado, attended the meeting. His district includes Arkadelphia.

Sens. J. William Fulbright and John L. McClellan and the state's other U.S. representatives expressed interest in the meeting, but said congressional business kept them in Washington.

Faubus had announced earlier that the meeting would be closed so that all parties could speak freely. It was decided at the last minute, however, to permit newsmen to sit in.

The Arkadelphia plant is scheduled to close except for a small casting operation.

Fulbright May Aid JFK Program

WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., is reported to have given up a place on the Senate Banking Committee to take another post in a switch to help President-elect John Kennedy win approval of his legislative program.

Fulbright is understood to have relinquished the job on the Banking Committee, which he headed before becoming Senate Foreign Relations Committee chairman, to join the Finance Committee.

Another Southern senator who also worked for Kennedy's election, Russell B. Long, D-La., has called a conference of Senate Democrats in another move to help Kennedy's program. This would involve tightening up Senate efforts to win its point on measures with which it differs with the House.

Fulbright, though opposed to Kennedy's civil rights policies, is expected to support other parts of the new president's program. However, he last year fought Kennedy's proposal for a federal medical care program for the aged so his membership on the Finance Committee would not be an un-mixed blessing for Kennedy.

There was no comment from Fulbright.

Porkers Lose to Texas in Loop Opener

By THE ASSOCIATED PRESS

Another night, another upset in Southwest Conference basketball. Tuesday night it was Texas Tech knocking over Southern Methodist 70-68. Wednesday night Texas whipped Arkansas, the championship favorite, 68-58.

And so, with all teams have tasted conference action Texas A&M, Texas Tech, Texas and Rice are tied for the lead.

Rice got there Wednesday night by trouncing Texas Christian 82-69.

It paves the way for all of the teams to battle it out Saturday night with Rice and Texas Tech clashing at Lubbock, Texas and Texas Christian at Fort Worth, Arkansas and Southern Methodist at Fayetteville and Texas A&M and Baylor at Waco.

Defending champion Texas came from nine points behind to down Arkansas. The Razorbacks were ahead 35-30 at the half but Texas closed the gap in four minutes. The lead changed hands three times within the next 2½ minutes but Donny Lasiter shot the Longhorns ahead 46-45 and they stayed in front the rest of the way.

Jerry Carlton of Arkansas led the scoring with 18 points. Al Almanza got 17 for Texas while Lasiter totaled 15.

Baylor led Rice until the last minute of the first half but Ollie Shipley, Roland Burris and Steve Smith rammed in fielders to put the Owls out front 34-29. Baylor never could get closer than four points in the second half.

Dick Tinsley of Baylor led the scoring with 21 points but didn't get as much help as Dick Park who topped the Owls with 18.

Texans Come From Behind for Victory

AUSTIN, Tex. (AP) — Texas stormed from behind to defeat Arkansas 68-58 as the teams opened their Southwest Conference basketball play Wednesday night.

The Longhorns had trimmed the Arkansas lead to five points at halftime, 35-30, after the lead had changed hands three times in the first seven minutes before the Texas went into a slump and the Razorbacks moved to a commanding position.

Texas closed the gap four minutes deep in the second period, in front to stay two and one-half minutes later, 46-45.

Arkansas' Jerry Carlton hit 18 points to lead scoring. Albert Almanza got 17 for Texas and Lasiter added 15.

New Legal Arguments in Evictions

MEMPHIS (AP) — New legal arguments were posed today in a petition for preliminary injunction barring eviction of some 400 Negroes sharecroppers from their homes.

John Porter, Memphis lawyer, said he would ask federal district court to specify that Negroes shielded by such an order be required to post bond equaling a year's rent.

"The Negroes live on farms in Fayette County, Tenn., where 81 landowners, merchants and a bank were named in a Justice Department civil suit charging conspiracy to wage economic war on Negroes who register to vote.

In bitter denials, whites contended the eviction notices were the normal result of farm mechanization which cut the need for human labor.

Big Names in L. A. Golf Tournament

LOS ANGELES (AP) — Golf took over the local sports scene today with a select field of professionals and amateur celebrities competing in a \$5,000 pro-am event as a prelude to the \$45,000 Los Angeles Open.

The big show starts its 4-day, 72-hole run Friday at the Rancho Municipal Golf Course in West Los Angeles.

Boasting the richest purse in its history, this 35th annual tournament kicks off the 1961 winter money trail for the professionals.

As usual, the competitors are the best in the nation.

Entered are the top 20 money winners of 1960, headed by Arnold Palmer, the National Open and Masters champion.

Also on hand are Dow Finsterwald, last year's winner here; PGA champion Jay Hebert, as well as his brother Lionel, a former PGA titleholder; Billy Casper Jr., 1960 Vardon Trophy winner and an ex-U.S. Open ruler Art Wall Jr.

Ken Venturi, who came on with a rush to win the 1959 Los Angeles fixture, is another threat, and back in tournament action is still another former U.S. Open winner, Cary Middlecoff.

Filibuster Fight Still Simmers

By GEOFFREY GOULD
WASHINGTON (AP) — The Senate gets down to ordinary business today, with its usual fight over limiting filibusters still simmering on the back burner.

The new Democratic floor leader, Sen. Mike Mansfield of Montana, Wednesday obtained unanimous consent for an agreement that senators can introduce bills and carry on normal routine while the debate on filibusters continues.

Democrats in the House, in recess today, seemed in no hurry to shake up their rules committee, where a conservative coalition of Republicans and Southern Democrats often has bottled up bills it doesn't like.

Speaker Sam Rayburn is reported determined to put an end to the roadblock, even if it means purging Rep. William Colmer, D-Miss., and replacing him on the committee with a liberal. But no showdown is in sight and a compromise may be worked out.

Sen. Joseph S. Clark, D-Pa., former mayor of Philadelphia, said he is ready with legislation to create a new Cabinet post of housing and urban affairs.

President-elect John F. Kennedy endorsed the idea of the new department during the election campaign.

Republican Senate Leader Everett M. Dirksen of Illinois Wednesday threw his weight against liberal forces that want a change in the rules to make it easier to halt a filibuster.

Dirksen said he looks on the present setup as a weapon for minorities, and noted that his party is a minority in the Senate.

Thus he joined forces with Southern Democrats who plan to fight fang and claw against any change. They often have used filibusters to defeat civil rights legislation.

Mansfield disposed of one filibuster based on a rule which says the applicant for injunction must put up bond "for the payment of costs and damages as may be incurred or suffered by any party who is found to have been wrongfully enjoined or restrained."

However, the rules also say the federal government is not required to post such bond. The injunction was sought by the Justice Department in connection with its suit.

Defense lawyers said the federal exemption should not apply in this case because the Justice Department is "Not the party of possession" in the eviction cases.

The injunction would stay evictions until trial is held on the alleged civil rights violations.

A similar injunction was recently issued by the Sixth Circuit Court of Appeals in Cincinnati, which overruled the refusal of the Memphis Judge to issue such an order.

The earlier injunction applied to landowners in Haywood County which adjoins Fayette. The Government has a civil rights suit on file against 74 residents and 3 banks in Haywood.

Both Haywood and Fayette are rural, cotton growing areas.

After the Cincinnati ruling, the Memphis court is used a restraining order barring evictions in Fayette until a hearing on the preliminary injunction.

Fines Assessed in Cock Fighting Case

HOT SPRINGS, Ark. (AP) — Fines of \$100 each were assessed against Mr. and Mrs. George Oster who pleaded guilty Wednesday to conducting cock fights at their home on Lake Hamilton.

Mrs. Oster's fine was suspended by Municipal Judge M. C. Lewis Jr.

Officers said they found 150 to 200 persons attending a cock fight at the Oster home last Sunday. State Trooper Glen Minton said two roosters were in the pit and a barrel containing dead roosters was discovered outside the arena.

Two men who identified themselves as Bernard A. Fightmaster and Johnny Jumper had earlier forfeited \$100 bonds in the case. The two told officers they were from Mississippi.

Possible Special Session in 1961

LITTLE ROCK (AP) — Gov. Orval E. Faubus said a special session of the legislature would be called to deal with congressional redistricting if the 1961 General Assembly threatens to by-pass needed legislation in a battle over redistricting plans.

Faubus Wednesday said he hoped such a special session would not be necessary. "It is possible a bill will be introduced satisfactory to all early in the session," the governor said.

Arkansas will lose two of its six congressional seats as a result of a population loss and it will be up to the legislature to come up with a redistricting plan.

by fight by agreeing to a compromise on filling future vacancies on the Democratic Policy and Steering committees.

Sen. Albert Gore, D-Tenn., had demanded that members be elected to these committees by all Democratic senators, instead of appointed by the majority leader. Mansfield agreed to recommend appointments to be approved by the Democratic caucus.

Louisville Is Still One of Shaky Six

By DON WEISS
Associated Press Sports Writer

Louisville's superstitious Cardinals remain members of the Shaky Six—major college basketball's remarkably small list of unbeatens—today after the kind of a comeback that may mean Fred Sawyer's socks will go unwashed all year.

The Cardinals fashioned a whirlwind finish to win their 12th in a row, 70-60 over Eastern Kentucky Wednesday night.

Sawyer, who claims he won't change his socks or wash 'em while the Cards are winning, contributed only three points to the victory that kept fourth-ranked Louisville in the winning class along with Ohio State, Bradley, Auburn, Vanderbilt and DePaul.

Louisville survived on a heavy college basketball night that saw activity both in the bigtime conferences and on the independent front.

Wake Forest, sinking 65 per cent of its second half shots, won its fourth straight Atlantic Coast Conference game, 81-59 over Clemson as Billy Packer hit for 23 points and Len Chappell for 18. Joe Markee's 16 points and 11 rebounds led Davidson to a 54-45 Southern Conference decision over William and Mary, and Texas, with Mexico Olympian Al Almanza scoring 17, rallied to open defense of its Southwest loop crown with a 68-58 whipping of Arkansas.

Defending champion Princeton crushed Columbia 76-66 in its Ivy opener. Winless Dartmouth beat Harvard 68-61. Cornell surprised Penn 65-60 and Yale downed Brown 75-67 in other Ivy games.

Away from the conferences, Bruce Applegate's driving layup in the last second of a second overtime gave Miami of Florida (8-2) a 102-100 decision over Miami of Ohio, and Jimmy Huggard had 20 points and Hubie White 27 in Villanova's thumping of highly regarded Detroit, 81-69.

Gary Roggenbuck hit for 26 points as Dayton (7-2) beat Canisius for the ninth straight time 86-63, and Don Kojis scored 25 points and grabbed 24 rebounds in Marquette's 83-71 victory over Chicago Loyola.

Another of the nation's top scorers, Terry Dischinger, hit for 26 as Purdue toyed with Creighton 91-72; Billy Hoy's 30 points led St. Joseph's 72-71 overtime triumph over Seton Hall; and Henry Hoskins fired 29 of his 33 points in the first half as Alabama (2-8) toppled the Southern Conference leader, Virginia Tech, 74-56.

Armand Rio's 20 points were tops for Notre Dame in a 72-56 verdict over Butler, and Army tied a school-scoring record with a 101-80 rout of Rochester. Dick Fisher hit a layup with two seconds of overtime left for Tennessee's 70-69 victory over Florida State and Mike Rice scored 31 points before being tossed out for fighting in an 87-57 Duquesne romp over Geneva (Pa.).

Hofstra, No. 2 small college team, rolled to its 23rd straight victory, crushing major college Manhattan, 90-66.

Protests Arms Aid

MOGADISCIO, Somalia (AP) — Thousands of angry demonstrators marched through this capital today for the second consecutive day, protesting against neighboring Ethiopia and U.S. military aid to it.

The demonstrations followed clashes between Ethiopian troops and Somali tribesmen roaming in a disputed border area.

Must Let the Wife Win Over Herself

By HAL BOYLE
YOURVILLE, U.S.A. (AP) — It was after dinner.
Wilbur Peeble, America's most average husband, sat at the living room desk with a pad of paper before him. He scribbled on it with a pencil.
Then he frowned thoughtfully and absent-mindedly began knocking the pencil against his lower teeth.
His wife, Trellis Mae, knitting on the sofa, looked up in annoyance.
"If you must use your teeth for a xylophone," she said, "why don't you knock on your uppers for a while? You're missing some of the best notes."
"Sorry," said Wilbur. He resumed his outer space stare.
This was even worse. If there is one thing that makes a wife uneasy, it is a small child or hus-

band silently doing something on his own without her help.
"What are you doing?" Trellis Mae demanded.
"Making a list of New Year resolutions," replied Wilbur. "But it isn't easy."
"What have you put down so far?" inquired Trellis Mae.
"Well, they're kind of family resolutions, I guess," said Wilbur. "I resolved to cut down your household budget so we could save a little money."
"I resolved to quit taking you out to dinner so often—so as to help you stay on a diet and get back your figure."
"I resolved to fire our once-a-week cleaning woman. A little more exercise ought to make you feel less lousy, and—"
But he got no further.
His outraged wife's vocal cords sprang into instantaneous action. For a full quarter hour Trellis Mae in one nonstop sentence denounced Wilbur as the world's lowest form of husband, and paid tribute to herself as history's most patient, sacrificial and long-suffering wife.
As she finally paused to take a

breath, Wilbur deftly shoved before her glaring eyes the paper he'd been scribbling on.
"Read what I actually wrote," he said softly. His wife read these words:
"I resolve that in 1961 my wonderful wife and I will have even more fun together than we did in 1960."
"I resolve to give up playing poker on Friday nights as it is wasteful."
The anger died in Trellis Mae's face as she flung her arms around her husband.
"Oh Wilbur," she wept. "Oh, Wilbur. How could I have said all those mean things to you?"
Fifteen minutes later she said, "Wilbur, I don't really want you to give up poker. If you want to play with the boys tonight, go ahead."
"I'm broke," answered Wilbur. "I'm not," said Trellis Mae. "Here, dear," she reached in her purse, handed him over a \$20 bill. Half an hour later as Wilbur tossed the \$20 on the poker table to be changed into chips, one of his friends asked:
"What happened, buddy-buddy?"

Variety of Offerings at Market

By THE ASSOCIATED PRESS
You'll find a variety of offerings this weekend at your supermarket or neighborhood grocery meat counter.
There are such diversified offerings as beef, pork, lamb, veal, fish and, broiling and frying chickens.
Broilers and fryers are plentiful and running well above a year ago because of recent 15 to 20 per cent increases in chick placements. Prices this week are up 2 to 4 cents a pound in some areas, down 4 to 10 cents in others.
Leg of lamb is the feature in some parts of the East and Midwest, while lamb chops also are pushed in a few sections. Cuts of beef run more to the expensive items such as sirloin steak and top round rather than to chuck roast. Pork specials are limited to the small smoked picnics or shoulder roasts.
Fish fanciers can choose from among shrimp, scallops, cod steaks, halibut and flounder fillets.
Best buys among vegetables this week are nearby beets and carrots where they're available. Florida celery, red and Danish varieties of cabbage from western New York State, Chinese cabbage from Florida, potatoes, sweet potatoes from North Carolina, endive, escarole, radishes, fall squash, leeks, mushrooms and parsnips.
Bunched beets from Texas and Arizona are a good buy, along with anise, artichokes, broccoli, brussels sprouts, California celery, leafy greens from all over,

Lawmakers May Attend Meet
LITTLE ROCK (AP)—At least one member — and possibly four members—of the state's congressional delegation may attend a meeting Thursday on the closing of the Reynolds Metals Co. plant near Arkadelphia, Gov. Orval E. Faubus said today.
Rep. Oren Harris of El Dorado advised Faubus he and Richard Reynolds, president of Reynolds, would arrive here tonight for the conference.
Faubus received etc. 2nd graf LR43 and deleting 4th graf "Richard Reynolds xxx present."

NOVA SCOTIA FOLKS FAVOR COLOR IN THEIR DESSERTS

"Blue" is a popular color and a widely-used word in the Canadian Province of Nova Scotia. "Nova Scotia" is "Bluenose" country; the predominant color in the distinctive Nova Scotian tartan is blue. And now Mrs. Bob Pitt, wife of the manager of the swank and recently enlarged Nova Scotia Hotel at Halifax, has come up with a new dessert recipe which she has christened "Scotian Blue Delight." Here is how Mrs. Pitt makes this tasty delight:

Scotian Blue Delight
1/2 cup shortening 1 1/2 teaspoons baking powder
1/2 cup sugar 1/2 cup milk
1 egg 1 pint fresh blueberries
1 cup flour
Cream shortening and sugar; add egg and mix well. Blend in flour, baking powder and salt, that have been sifted together, alternately with milk. Beat for 2 minutes. Pour into greased 8" x 8" square pan. Spread with blueberries. Top with following mixture:

1/2 cup sugar 1/2 teaspoon cinnamon
1/2 cup flour 1/2 cup butter
Combine sugar, flour and cinnamon. Dot blueberries with butter and spread sugar mixture evenly over top. Bake in moderate oven (350°F.) 50-60 minutes.
Still making use of the word "blue," the Nova Scotian Hotel manager's wife has a warm spot in her heart for "Blue-Eyed Bounce." She makes this delectable dessert this way:

Blue-Eyed Bounce
2 cups blueberries 3 tsp. baking powder
1/2 cup water 1/2 tsp. salt
1/2 cup sugar 1 tablespoon butter
1 1/2 cups flour 1/2 cup milk
Cook berries in the water—when

soft, add sugar and cook 5 minutes. Cut the butter into the sifted dry ingredients. Add the milk, making a soft dough. Put in dish with tight fitting cover. Place in a kettle of boiling water, allowing water to come within 1 inch of top of dish. Steam 1 hour keeping water at boiling point all the time. Serve hot with nutmeg sauce.

Nutmeg Sauce
1 tablespoon flour 1 tablespoon butter
1 cup sugar 1/2 tsp. grated nutmeg
2 cups boiling water 1/2 tsp. salt
Mix sugar, flour and salt. Add boiling water gradually, stirring all the time. Add butter and cook for five minutes. Remove from heat and stir in the nutmeg. FNS

Says Colony Fuss Was All a Mistake

LITTLE ROCK (AP)—Jackson Rep. Lomnie Etheridge said today a misunderstanding was to blame for a controversy which has developed over inclusion of the State Hospital and Arkansas Children's Colony in a proposed \$53 million bond issue.

Etheridge, who sponsored a resolution in the Arkansas Legislative Council's Education Committee which led to the bond proposal, said there was no intention originally of including the two state institutions in any bond issue.

He said his resolution called on the state college presidents to decide what they needed in the way of building funds and to make some proposal about how to raise it.

The presidents proposed a bond issue, to be financed by a one-cent per bottle tax on soft drinks. They found, Etheridge said, that such a tax would produce \$8 to \$10 million more than the \$42 million they figured was needed for college construction.

Then, he said, someone suggested dividing the remainder between the State Hospital and Children's Colony and the next thing he knew there was a controversy because those agencies hadn't been contacted about any bond issue plans.

Etheridge said the controversy was a misunderstanding and that the money is intended for the University of Arkansas and the state colleges and "no plans had been made for anyone else."

Missouri's 71st Assembly Meets

JEFFERSON CITY (AP)—Missouri's 71st General Assembly opened its doors today, ready to pass laws and make history during the next six busy months.

For some of the old timers there was grim realization the session faced some of the toughest problems in many years—raising more money to run the state government, congressional and state senatorial redistricting and dozens of others.

As the session opened, 286 bills were already drafted by the legislative research staff, ready for introduction.

In addition to getting organized with new leadership in both houses, the big event of the opening day was the farewell message of retiring Gov. James T. Blair, scheduled for mid-afternoon.

Faubus Mum on Highway Post

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he won't say who he plans to appoint to the Arkansas Highway Commission this year "until I send it up to the Senate."

The term of Lawrence Blackwell of Pine Bluff, co-author of the Mack-Blackwell amendment to take the department out of politics, expires Jan. 14.

There has been some speculation that Blackwell might not be reappointed because of a controversy over location of new Highway 65 in Pine Bluff.

Faubus said he has heard from some individuals about naming Blackwell but has not had word from any group in Pine Bluff.

Faubus said he expects to send the name of the appointee to the Senate about Jan. 14.

Burglar System Not Too Good

LONDON (AP)—Do-it-yourself expert Barry Bucknell devoted his weekly television program last week to a demonstration of how to beat car thieves.

He showed viewers an alarm system he had rigged on his auto so that a hooter sounded if the door handles were tampered with.

"Tuesday someone stole a movie projector and a collection of movies from his locked car."

Maritime experts estimate that every ship now afloat in the world could be anchored in San Francisco Bay with room to spare. The Bay, its contiguous bays and straits, cover 564 square miles.

couldn't see it.

Her voice had the sting of a thousand yellowjackets. "Take your hands off of me!" "Stella!" Hector's voice was full of shocked incredulity.

"I mean it, you cowhand. Unsaddle my horse!" she ordered, and Bart heard her fast steps as she went toward the ranch house. Arrington's low voice came out of the darkness: "Maybe you have your own opinion now."

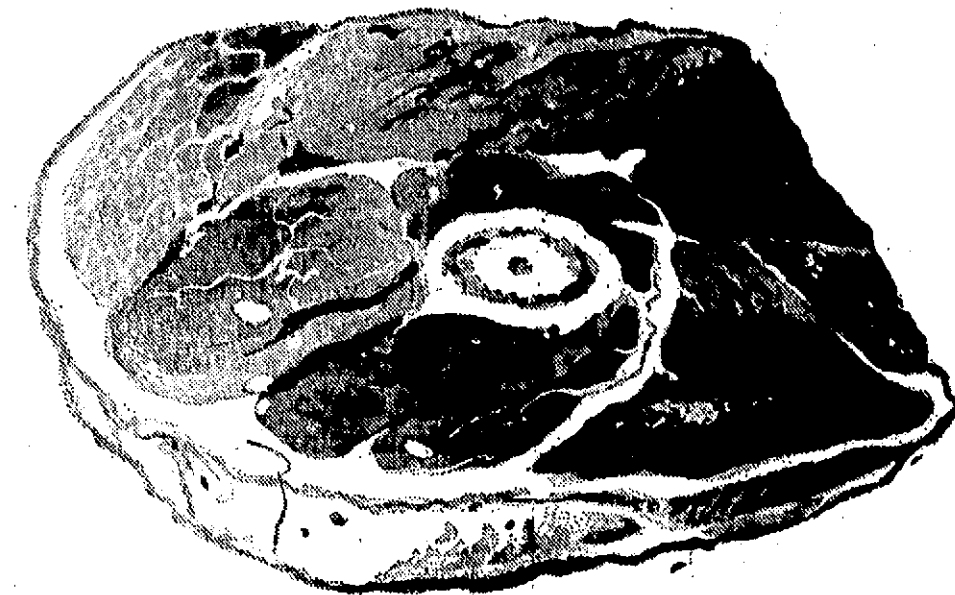

"I never argued with you in the first place," said Bart. "But where has she been?"

"Trying to team up with Xenophon Jones."

Bart yawned and hunted for a soft place for his head on the hay, but he was wondering how much Stella knew about the plans for the first day in court; he supposed there was nothing that would keep her from telling Jones all she might know.

New Brunswick Housewives Strong For Apple Use in Their Desserts

No fruit is grown that has more popularity in the Canadian Province of New Brunswick than apples.

And Harry Collins of Moncton, is no exception to this age-old New Brunswick liking.

Mrs. Collins, who knows this dessert "weakness" of her husband, who is freight traffic manager for the Canadian National Railways in the Atlantic Provinces, has whipped up an apple dessert specialty which is Harry's favorite although named:

Adam's Choice
6 medium apples 1/2 cup butter
1 cup granulated sugar 1/2 cup flour
1/2 cup brown sugar 1/2 cup brown sugar
1 cinnamon
Peel the apples and slice into a butted dish. Sprinkle with the granulated sugar and cinnamon. Combine the butter, flour and brown sugar and spread mixture on top of the apples. Bake about 30 minutes in a moderate oven (350°F.) until apples are soft and top is a golden brown. Serves 6.

Still using apples—but peaches or pears may be substituted—is another of Mrs. Collins' favorite desserts. This is:

Orchard Dreams
1 recipe biscuit dough 1/2 cup brown sugar
6 apples 1/2 cup granulated sugar
peaches or pears 1/2 cup brown sugar
2 tsp. butter
Roll biscuit dough to 1/4 inch thickness. Cut in five 6-inch squares. In the center of each square place pared and cored apples, peaches or pears. Fill the center with the sugar and apple mixture.

together. Top with a dot of butter. Draw pastry up around fruit and press 4 corners together. Seal edges and place in a greased baking dish. Prick well with a fork and bake in a hot oven (400°F.) for 10 minutes and then reduce temperature to moderate (350°F.) and bake for 30 minutes longer. Serve hot with Fruit Juice Sauce.

Biscuit Dough Recipe
2 cups sifted flour 2-4 tablespoons shortening or butter
1/2 tsp. baking powder
1/2 tsp. salt 1/2 cup milk
Sift together flour, baking powder and salt. Cut in shortening with pastry blender until the mixture resembles fine corn meal. Add milk and make a soft dough (do not cover mix). Turn dough on to a lightly floured board and knead lightly.
